BIO

Terance Williams is an occult practitioner, esoteric researcher, educator, and lifelong student of the Western Mystery Tradition, with a particular focus on Hermetic Qabalah and Ceremonial Magick. Through years of independent study, shadow integration, and continued exploration of psychology, he has developed an approach that blends inner transformation with structured spiritual discipline, symbolic understanding, and practical application.

Creative and technically minded, Terance connects ancient esoteric knowledge with modern tools and methods of learning. He designs and builds tools of the occult arts through Blackened Boutique & Customs and is the founder of Occulta Pneuma, an initiative devoted to the study, teaching, and practical application of esoteric traditions.

Personal experiences, including encounters with unexplained entities and profound moments surrounding death, have deeply shaped his philosophical outlook and inspired a lifelong pursuit of spiritual knowledge and self-understanding. These formative experiences continue to inform his grounded yet exploratory approach to ritual practice, inner work, and the unseen.

Terance is a principal cast member and researcher on *Conjuring Truth*, the upcoming ScareNetworkTV Original Series produced by Shadow Work Productions LLC.

CURRENT PROJECT

Conjuring Truth follows a fearless team of occult practitioners, mediums, paranormal researchers, and academic experts as they investigate dark hauntings, supernatural claims, hidden histories, folklore, and ritual traditions. Traveling to locations steeped in legend and feared for generations, the team examines the beliefs, practices, and real experiences behind the stories—approaching the occult not as outsiders, but through lived experience, historical research, authentic practice, and disciplined paranormal investigation.

Blending immersive rituals, expert insight, personal transformation, and evidence-driven fieldwork, the series challenges exaggerated, fear-based portrayals of the occult and supernatural. *Conjuring Truth* seeks the truth buried beneath myth, separating fact from fiction while taking audiences beyond conventional paranormal television and into the deeper human experiences of belief, fear, identity, spirit, and the unknown.
